

WELCOME TO
ICR BRIDGE

We were founded in 2006, with a mission to offer best in class, low cost identity theft services to large membership and employer groups across the country.

ICR BRIDGE RESOLUTION SERVICES

Q. Who is covered by ICR Bridge's identity theft program?

A. Our Resolution service covers each member, their spouse or domestic partner and all dependents up to the age of 25.

Q. How does ICR's Resolution service actually work?

A. If an identity theft breach occurs, family members have access to a 1 on 1 identity theft Recovery Expert. Just call our toll free number and an ICR representative will fill out your Theft Event Report and put you in contact with your own personal Recovery Expert who will restore your good name.

Q. What happens after my identity is fully restored?

A. Your file stays active for 36 months after we have resolved the initial breach. If any other events stem from your unique case, we will re-open the file and immediately begin to fix the issue at hand.

Q. How successful is it?

A. Our Resolution service is professional, comforting and guaranteed to be 100% effective.

ICR Bridge is provided to you as a member of the LEOFF Health & Welfare Trust.
